LIVING

As we continue to blur the boundaries between different rooms of the home, what we mean by 'living space' is increasingly fluid. It's more important than ever to carve out corners for curling up with a good book or catching up on a new documentary. From stools that can also be coffee tables, to classic sofas and concealed media cabinets, our living collection is for homes that don't want to compromise on beauty or utility.

Tailored service

The foundations of every upholstered piece we make are the same: solid timber, tried and tested joinery, and comfortable yet durable fillings. It's the fabric that makes each sofa or footstool feel uniquely beautiful. Our curated collection of wools, linens and velvets allows you to customise our furniture to suit your home.

 You will see this symbol next to all tailored pieces available in a custom fabric.

All our upholstery is available in a standard fabric and leg finish.

You can choose to have many of our upholstered pieces (excluding Casey & Ophelia) in a custom fabric from our collection. Turn to page 165 to view all our fabrics or visit us online to see which fabric options are suitable for your chosen piece of furniture.

Leg finishes

Once you've chosen your fabric, it's time to think about the leg finish. We offer four oak finishes in classic shades, so there's something to complement every upholstered style.

Upholstery

From classic, upright styles to relaxed loose covered designs, all our upholstered pieces are made using the finest fillings and traditional techniques.

BARRINGTON

Barrington is hand-crafted in Yorkshire using the finest natural fillings, for a mattress that's breathable, comfortable, and kind to the environment. The design includes a traditional quilted cover handwoven from wool and viscose, as well as side-stitching and a cotton piped border.

Design details

Filled with wool, cotton, hemp, flax and mohair.
100% recyclable.

Pocket springs and high-density micro springs.
Two handles on each side for turning.

Wool, cotton, hemp, flax and mohair: Barrington contains all-natural fillings. Not only is this the most sustainable approach, but natural fibres are also the most effective temperature-regulating feature you can have. They keep the mattress breathable and wick moisture away.

Pocket springs: Each of these springs is housed individually in its own 'pocket.' This design ensures the best support and means you won't feel movements on the other side of the bed. These springs are bonded together using heat, rather than glue, keeping this mattress fully recyclable.

High-definition springs: These micro springs are layered with the pocket springs, contributing to your overall comfort by supporting lighter parts of the body and releasing pressure.

HIGHCLERE

Highclere is made in Britain by Vispring; pioneers in luxuriously comfortable mattresses. Its tufted damask cover and hand side-stitching mean it looks just as good as it feels, too.

Design details

- Filled with wool, cotton and horsehair.
- Hand-nested calico pocket springs.
- Air vents for ventilation.
- Two handles on each side for turning.

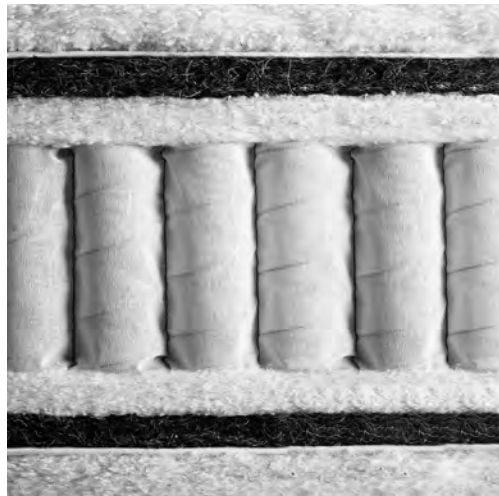

Layered British wool and cotton: to keep you cool and comfortable in summer and pleasantly warm in winter.

Horsehair: a supportive and durable layer that's insulating and moisture wicking.

Bonded British wool and cotton: by bonding wool and cotton with a corn-based material, they're made even more elastic to respond to the flex of the pocket springs.

Pocket springs: made from Vanadium steel, they mould to your shape, bounce back when you get up, and dampen movement from the other side of the bed.

And three more layers of: bonded British wool and cotton; horsehair; layered British wool and cotton.

DECORATING, COLOURS & FABRICS

We take a cohesive approach to interiors. When it comes to creating a beautiful and relaxing space, details like paint colours and tiles provide the all-important backdrop for furniture and accessories. This section guides you through our paint and fabric collections, as well as our wall and floor coverings and IsoGuard® finish.

Paint

Developing our own paint was a natural step for us. It allowed us to curate seven colour palettes which offer a spectrum of choice without feeling overwhelming. It also means we can ensure the very best quality and results.

Working closely with our expert British supplier, our eggshell and emulsion paints are all water-based and very low in VOCs (Volatile Organic Compounds). Each paint comes in a sample pot and tins of 2.5L (and 5L for emulsion).

The same eggshell paint is used to customise our timber furniture. Our paint service is a versatile tool for tailoring our furniture to suit your home, while the ability to repaint it in years to come ensures longevity.

Head to your local store to speak to our team or visit our website to find out more about our customisable painted furniture service.

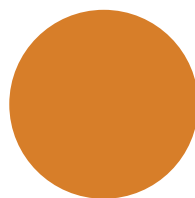

This season in colour

Meet Bracken, the latest seasonal shade to join our paint collection. It's a warm orange inspired by the green-to-rust turn of ferns that blanket our moors and parklands in cooler months.

Softened with hints of brown and mustard, Bracken is as comforting as it is bold, sitting effortlessly inside period and contemporary interiors alike.

For the perfect accent, pair touches of Bracken with calmer neutrals like Salt and Orkney White, stronger shades like Lead Light and Ink or even Flax Blue and Clove.

Bracken

Our paints are absolutely always water-based. High-performing, low in chemicals and practically odour-free, they're a far better option for our homes, the environment and our own health. It also means that brushes need only a simple rinse with water.

It's worth noting that the colours shown here are a close representation of their true shades, but to see the real thing, we suggest trying our sample paint pots.

Timber care with IsoGuard®

IsoGuard® is a wood finishing oil – but not as you know it. All our interior solid oak furniture and kitchen cabinetry comes pre-treated with interior IsoGuard®, while our teak garden furniture is finished with the exterior version.

The revolutionary formula penetrates below the surface of the timber, bonding with it at a cellular level. It creates an extremely effective barrier against stains and spills without masking the natural beauty of the timber.

It contains linseed oil, a natural food safe ingredient that protects the timber against damage. Linseed oil can darken the appearance of oak, so we add a pigment to correct this.

Interior finishes

The interior IsoGuard® comes in four finishes which lend individual character to our different furniture collections.

Natural Oak

This is an authentic reflection of white oak in its natural state. The added pigment simply reverses the darkening effect of the linseed oil to restore the original colour.

Seasoned Oak

Seasoned Oak has a lighter hue than Natural Oak, which highlights the contrasting wood grain. It's designed to emulate the subtly silvered patina oak naturally develops with age.

Chalked Oak

The palest of our IsoGuard® finishes, Chalked Oak lends our oak a limewashed look. The result is light and contemporary, blending in seamlessly with other materials and colours in the home.

Our fabrics

We have curated a fabric collection that allows you to explore and experiment, confident in the knowledge that we work with the very best British and European manufacturers.

We can't relax and enjoy our homes if we are worrying about damaging upholstery or soft furnishings, so choosing the right material for the right purpose is especially important here.

Our collection spans hard-wearing wool and cotton fabrics, as well as delicate sheer and pure linens. All are quality and performance tested so we know exactly how they will behave in your home and how best to care for them.

A note on Martindale

A Martindale score is the amount of rubs an upholstery fabric can take before it begins to show signs of wear and tear. We split the results of these tests into scores that relate to two categories: 'everyday use' and 'heavy duty'.

Fabrics that are suitable for everyday use sit between 20,000 to 25,000 and are ideal for general upholstery in the home like armchairs and sofas.

The heavy duty fabrics sit between 25,000 to 100,000. The higher the score, the better it will cope in high-traffic areas of the home. Any fabric in this category is also an excellent choice for families with children and pets.

Fermoie

This season we're continuing to work with Fermoie, to showcase the fabrics of this iconic British designer and maker of fine textiles on some of our favourite Neptune designs.

Based just a few miles from us in Wiltshire, Fermoie shares our commitment to creating timeless designs that are easy to live with, and an unwavering dedication to providing quality products and service.

The capsule collection includes upholstery and cushions in Cove made from 100% linen. The gathered lampshades are in Rabanna and Wicker – sheer cottons and linens that softly diffuse light.

Walls & floors

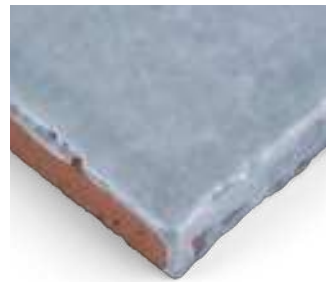

Strong engineered oak and spruce shiplap boarding. Rustic terracotta tiles with a glossy glaze and cool, clean-cut marble tiles. Our diverse wall and floor coverings inject character into the home, weaving a tale of tone and texture for you to build upon.

BARBURY

The terracotta Barbury wall tiles are handmade by skilled Spanish artisans using traditional methods. Each is then finished by hand in Wiltshire with a crackle glaze, so no two are exactly the same.

Whether you use these tiles across a whole wall or just for a splashback, Barbury adds gently time-worn character to a room.

These tiles must be used with our Crackle Glaze Sealant to protect against water, oil, grease and limescale.

Our guarantees

We guarantee our accessories and parasols for one year. We guarantee our furniture (excluding lightbulbs) and Neptune manufactured sinks and taps for five years. This excludes any third-party suppliers.

When it comes to upholstered furniture – sofas, armchairs, footstools, ottomans, headboards, and dining chairs – we guarantee the fabric and cushion inners for one year, and the frame for five years. And for our kitchens, we build these to last a lifetime, so that's how long we guarantee them for, just as long as they're fitted by one of our accredited installers.

If you do spot anything amiss, just let us know and we'll get it changed as soon as we can. We're very sorry if any mistakes mean that your piece isn't quite what you expected, or if it turns out that the price is wrong. You can absolutely still cancel or return your order – just head to neptune.com/pages/delivery-returns for all the details on how to do that. And, just so you know, all the prices in our directory are the RRP.

We do everything we can to make sure our directory is as environmentally sound as possible. The paper is FSC-certified as coming from responsible sources, and is carbon balanced by the World Land Trust. It's then printed in the UK by Pureprint, a CarbonNeutral® company where everything, from their buildings to their processes, is managed in an environmentally-friendly way (if you'd like to get technical, they're ISO 14001 certified).
